CAREER OBJECTIVE

A motivated and self-driven Front-End Developer with 1+ years of hands-on experience in building responsive, dynamic web applications using React.js, Next.js, and Tailwind CSS. Proficient in integrating APIs, managing state, and collaborating with back-end teams. Seeking a full-time role where I can contribute to high-performance front-end development while continuously learning and adapting to modern web technologies.

SKILLS

Core Expertise: React.js, Next.js, Redux, Tailwind CSS, Headless UI, Shadcn UI, React Hook Form, Zod Validation, TypeScript, Styled Components, React Router, Axios, Fetch API, Bootstrap, Material UI, Chakra UI

Comfortable

- Working with APIs (REST)
- Consuming data from MongoDB (CRUD operations)
- Payment Gateway integration (client-side)
- Framer Motion for animations
- Version Control with Git and GitHub

Familiar

- Basic Node.js for backend interaction
- Ant Design for UI components

Tools & Technologies: Git, GitHub, VS Code, Vercel, Railway, Netlify, Heroku, Hostinger, Figma

PROJECTS

TailorFit - A Digital Management Solution for Tailor Shops

Live Link

TailorFit is a fully digital solution designed to streamline tailor shop operations, manage customer orders, and track progress efficiently. The system minimizes errors, saves time, and provides key insights for better business performance.

- Developed with React.js for the frontend and Redux for state management.
- Implemented JWT token for secure authentication and role-based access.
- Used Node.js with Express.js for the backend, including RESTful APIs.
- Used React Hook Form with Zod validation for handling and validating user inputs.
- Created reusable UI components using Headless UI and styled with Tailwind CSS.
- Mobile responsive design for easy management on any device.

Technology:React, Redux, Node.js, Express.js, JWT-Auth, Tailwind CSS, Headless UI, React Hook Form, Zod Validation, Redux Toolkit and rtk query

PROJECTS

Chad's Tutoring

Live link | Client Repository | Server Repository

Developed a Math, Reading & Writing Tutor website using React.js, focusing on providing educational resources and interactive learning tools. Leveraged my 10 years of tech industry experience and 4 years of tutoring expertise to create a user-friendly platform that helps elementary school students improve their skills.

- Best user experience Math, Reading & Writing Tutor
- Schedule Tutoring session

Technology: React , React-Router-DOM ,Node.js, Express.js, MongoDB,, React query, Jwt token, Tailwind CSS

EDUCATION

- **B.Sc of Political science 2023 to Present.**

  Varendra University

  Ishwardi Government College, Ishwardi, Pabna
