CAREER OBJECTIVE

Passionate Front-End Developer with 2+ years of experience building modern, responsive, and accessible web applications using React.js, Next.js, and Tailwind CSS. Proficient in API integration, crafting seamless user experiences, and delivering scalable SaaS products. Actively building for ThemeForest and eager to join a forward-thinking team to contribute and grow.

SKILLS

Languages & Tools: JavaScript, TypeScript, Git, VS Code, Figma

Frameworks: React.js, Next.js

Styling: Tailwind CSS, Headless UI, Shadcn UI, Styled Components

State Management: Redux Toolkit, RTK Query, Redux Persist

Forms & Validation: React Hook Form, Zod

Others: REST APIs, JWT Auth, MongoDB CRUD, Bkash Integration, GSAP, Framer Motion

Experience

Frontend Developer – *Pixelfit Digital Agency*

June 2024 – April 2025

- Built and maintained Tailorfit SaaS with mobile-first UI and reusable components.
- Integrated APIs, JWT auth, and state management using Redux Toolkit.

Frontend Developer(contract) – *Aniya Network Solutions Inc.*

February 2023 – November 2023

- Assisted in building UI components with React and Tailwind CSS.
- Collaborated on bug fixes, API integration, and Git workflow.

PROJECTS

TailorFit – SaaS Platform for Tailor Shops

Live Link

TailorFit is a SaaS application built to streamline tailor shop operations by managing customer orders, tracking progress, and automating workflows. It minimizes manual errors, saves time, and provides actionable insights to enhance business performance.

- Built frontend with React, Redux Toolkit, RTK Query, and Tailwind CSS, ensuring mobile responsiveness.
- Implemented role-based auth with Redux Persist and form validation using React Hook Form and Zod.
- Developed order/category management, PDF invoicing, real-time tracking, and chat features.
- Integrated Bkash payments for subscriptions and bulk SMS, with a Super Admin panel for full control.

Technologies: React.js,typescript, Redux Toolkit, React Hook Form, Zod Validation, Tailwind CSS, Headless UI, Redux Persist, JWT Auth, Bkash Payment, PDF Print, Real-time Chat

PROJECTS

SkillionTech – IT Learning Platform

Live link

SkillionTech is a complete e-learning platform designed to help students grow their IT careers by offering online courses and books with a personalized dashboard experience. The platform supports course enrollment, book purchases, live content updates, and a full-featured admin panel.

- Built user/admin frontends with Next.js and Redux Toolkit.
- Implemented course purchase, learning modules, and progress tracking.
- Enabled book buying, reading, and dynamic previews.
- Integrated teacher profiles, leads, and marketing tools.
- Built with performance, accessibility, and scalability in mind.

Technology: Next.js, Redux Toolkit, TypeScript, Tailwind CSS,shadcn ui Framer Motion
